Stable Links to Intelecom Videos [Persistent Links]

Step 1: Enter a URL in your course content
In your class presentation or course shell, begin the process to enter a hyperlink. First enter the off campus access URL prefix.

Step 2: Find a video clip
Once you have found the video you want to use, click on URL.

Step 3: Format a persistent link
To get the video URL, click it to highlight it, then use CTRL + C to copy the URL.

Go back to your course material and use “CTRL+V” to append it with the off campus URL prefix.

The final link should look like this:

NOTE: If you are adding persistent links to Blackboard and YOU are off campus, the links generated by the databases may not function as outlined here. Please contact Library@GeorgianCollege.ca for assistance.
