Lexis Nexis

Searching LexisNexis for Canadian Newspaper Articles, using Industry limiters

Click "Advanced Options"

You will begin by selecting your chosen industry:
Click "Look up Index Terms"

Select Industry from drop down
The pop-up window closes; you have added an industry sector to the search.

Now you will limit by geography to Canada.
Click “Look up Index Terms” (again)

Change Index: ALL TOPICS
Select “Geography” from Drop Down
Pop up window closes;
Your search screen now has an industry and Canada limiters
You now need to apply a date limiter and content type [newspaper] limiter
Click “apply” to run the search [see below]
Results list: locate “sources by category” and select “Newspapers”

Apply Date Limiter [suggestion 2 years]

Select “Newspapers” under Content Type
Clicking Newspapers source reveals results by Newspaper name
